

Computer Lab and Classroom Web Site

Please see the attached Internet Permission Slip form and letter. If you should have any questions about the form, the computer lab, or the sites that will be visited/used, please feel free to contact me! We look forward to utilizing the computer lab from time to time for additional reading, writing, math, science, and social studies lessons.

In addition, please read and sign the student photos/work samples form. I plan to create a First Grade Classroom website for parents to visit. Information that will be available on the site will include weekly newsletters, daily news, teacher contact information, weekly schedule, and other helpful information. Depending on parent response, I'd also like to explore the option of including class work samples and pictures from activities, lessons, and projects. **STUDENT NAMES and ANY OTHER MEANS OF IDENTIFICATION** will not be used on the site.
